

# DEWANG THAPA

(+91) 7505057601 | [Git-hub](#) | [Twitter](#) | [Linkedin](#) | [My PORTFOLIO](#)

## SKILL

- **LANGUAGE'S** : HTML , CSS , JavaScript
- **FRAMEWORKS/LIBRARIES** : ReactJS , Tailwind CSS , Redux
- **Familiar With** : RESPONSIVE DESIGN , PROBLEM SOLVING
- **TOOLS** : GIT , Git-hub , VS Code , Vercel

## PROJECT

- **MOVIE Web-App** [React js , Redux , Tailwind CSS](#) | [LIVE](#) | [repo](#)
  - Fetched and displayed up-to-date information on trending movies, TVshows, and popular actors using the IMDB API.
  - Built an interactive , responsive and intuitive user interface with React.js , navigation.
    - Integrated infinite scrolling to provide a continuous experience without the need for pagination.
- **TWO-GOOD CO** [HTML , CSS , JAVASCRIPT\(JS\) , GSAP](#) | [LIVE](#) | [repo](#)
  - Engineered a fully responsive web application using HTML, CSS, and JavaScript, ensuring seamless user experience across various devices and screen sizes.
  - Utilized GSAP to create smooth ,interactive animations and transitions, and deliver a dynamic visual experience.
- **REFOKUS Web-App** [React js , Framer-Motion , Tailwind CSS](#) | [LIVE](#) | [repo](#)
  - Integrated Framer Motion to design and implement smooth animations and interactive effects.
    - Achieved seamless smooth scrolling and engaging micro-interactions to improve user navigation.
    - Developed a web application using React.js, ensuring efficient rendering and state management.

## EDUCATION

D.A.V PG COLLEGE (Bachelor's of Science , Statistics)

DEHRADUN , UK

## CERTIFICATION

- [Front-End development course by Meta](#) - Completed "Front-End Web Development" specialization on Coursera, covering HTML, CSS, and JavaScript fundamentals, as well as advanced topics in front-end frameworks.
- [Front End Development Libraries](#) - Certified in Front End Development Libraries from freeCodeCamp, proficient in React, tailwind, jQuery, and building responsive, dynamic web applications and building responsive, dynamic web applications.

## Extracurricular Activities

- **Participant – RAVIAN Hackathon** [\(repo\)](#)
  - Selected for a competitive hackathon with internship opportunities. Developed a React-based single-page website featuring section routing,useState, and state lifting. Styled with Tailwind CSS and added dynamic effects using GSAP. Showcased strong front-end and design skills under tight deadlines.
